# MASTERMIND

Based on a story by Henning Mankell.

**EVERYTHING HAS AN END. EVEN JUSTICE.**

In **Mastermind** a woman is found dead one morning, hanging upside down from the ceiling of her apartment and emptied of all her blood. No trace of the blood can be found...

A game of cat and mouse ensues with the Ystad police, a game with a murderer whose meticulous planning always puts him one step ahead of them. A game that turns out to be an all-out attack on the Ystad police and particularly their daughters.

Detectives Wallander and Martinsson, known for being rational, clear-thinking individuals, soon start to behave like hunted animals when someone takes aim at their dearest kin. It is all part of a heinous plan, a plan that must have taken years to prepare. A plan that bears the signature of a Mastermind. **Mastermind** is the sixth feature in Henning Mankell's Wallander series.
