

Soft-spoken Harmony has grown used to living in the shadow of her pop star boyfriend, but when he breaks up with her just before the holiday season, she returns to her quaint hometown. There she discovers the heart and music that her big city life has been missing, she remembers what it is to actually love, and she learns the real beauty of Christmas.

Featuring six original songs, this holiday musical romance reminds us of the strength of family bonds, the importance of home, and the magic of the Christmas season.
