Waterpr...	Power wash and clean entire roof from any dust and debris in order to apply a new waterproof system. Apply first coat and seal all connections and roof vents with waterproof roofing system. Fasten and apply second coat of waterproof on top of the first layer. Seal all connections and rood vents to avoid any water penetration into the building. Clean all work related debris. * 5 Years labor warranty	5,900.00			1,300	sqft	4.53846	100.00%	100.00%	5,900.00

Its easier to explain price once than to apologize for quality forever.	Total	\$5,900.00
	Payments/Credits	\$0.00
	Balance Due	\$5,900.00
