- The sound samples and software licensed from this internet site remain the property of the Licensor and are licensed, not sold, to you for use in your software or hardware.
- A right to use the enclosed sounds and software is granted to the original end-user of the product (Licensee) and is NOT transferable.
- The Licensee may modify the sounds. YOU CAN USE THE SOUNDS FOR COMMERCIAL PURPOSES WITHIN MUSICAL COMPOSITIONS, subject to section 9 below.
- This license expressly forbids resale, relicensing, or other distribution of these sound samples and software, either as they exist on each disc or this internet server, or any modification thereof. You cannot assign, lease, lend, rent, upload or download to or from any database or server, or transfer any or all of the sound samples and software to another user, or use them in any competitive product.

The sound samples and software are licensed 'as is' without warranties of any kind. Any similarity to any other recording is purely unintentional. Neither the Licensor, or Sounds Online (a division of East West Communications, Inc.) can be held responsible for any direct, indirect, or consequential loss arising from the use of any sound samples and software licensed from this site in whatever form, or consequential loss arising from a delayed or lost shipment.

- Licensor shall not be responsible for, or guarantee the performance or compatibility of, sound samples and/or software that are used in a format that they were not programmed for.
- Use of the sound samples in isolation such as, but not limited to, video game soundtracks, gaming machines, toys (where they appear in isolation or as sound effects) is not permitted without first obtaining a separate written License (which may not be available) from Licensor. Loops (compositions that contain a combination of sound samples that can be repeated to form a continuous piece of music) must be used in a musical context with at least two other instruments that contribute significantly to the composition. The entire loop cannot be left exposed at any time in the composition.
- MUSIC AND PRODUCTION LIBRARY USE: The following terms apply to the use of loops (compositions that contain a combination of sound samples that can be repeated to form a continuous piece of music) used in 'music or production libraries' that are relicensed to multiple third parties:
NOTE: The exception to this restriction is 'multi-sampled instruments', where users play all of the notes (for example, a multi-sampled piano library).
(1) Loops must be used in a musical context with at least two other instruments that contribute significantly to the composition.
(2) The entire loop cannot be left exposed at any time in the composition.
(3) If you have any doubts a composition meets this criteria, you may submit it to licensing@eastwestsounds.com for written approval. Please do not send audio or MP3 files, send us a link to your composition on your web server.
NOTE: These terms apply to all East West and Quantum Leap products and most third party products sold from this site. If you are in any doubt about a product you intend purchasing, please send an email to licensing@eastwestsounds.com.
- We do not accept returns unless you have a defective product. Defective products will be exchanged for the same product for a period of 90 days. No refunds will be given for downloaded sound samples.
- INTERNATIONAL CUSTOMERS AGREE TO BE RESPONSIBLE FOR ANY IMPORT DUTIES OR TAXES. THESE ARE NOT INCLUDED IN OUR SHIPPING CHARGES.
